Automatic report  
=====

Study ID: Breno\_M\_Freitas\_Gossypium\_hirsutum\_Brazil\_NA

Contact: freitas@ufc.br

Credit: Breno M. Freitas

Publication: 10.1126/science.1230200

Number of sites: 20

Year of sampling: Year of sampling is missing.

Crop: Gossypium hirsutum

Variety: There are missing varieties (given 0 out of 20).

Location: There are missing locations (given 0 out of 20).

Country: There are no locations to check.

Field size: There are missing field sizes (given 0 out of 20).

Management: There are missing results for management (given 0 out of 20).

Sampling period: There are missing sampling periods.

Richness: Full information.

species groups considered: No taxa restrictions have been identified.

Abundance: There are missing values (given 0 out of 20).

Visitation rate units: visits per unit of time

Visitation rate: Full information.

Yield units: Fruit-set (% of flowers setting fruits at harvest.)

Yield: Full information.

Alternative yield units: NA

Alternative yield: NA

=====  
Queries  
=====

Instructions: Please, edit this file and answer the following queries within the document, one by one. Then send the edited 'Summary\_report\_and\_queries' (with your comments) and your 'Data\_ownership' (excel) file to alfonso.allen.perkins+observdataset@gmail.com before the 20th of July.

- =====  
• Please check that credit information is correct and add the corresponding affiliations and acknowledgements/funding information in your 'Data\_ownership' (excel) file.  
• If your study is already published, please check that its DOI is correct.  
• Please provide the year of sampling of the study [four digits numeric format].  
• If possible, please provide the names of missing crop varieties.

- If possible, please provide the area of each field [in hectares].
- If possible, please assign a management category [organic, IPM, conventional] to each field.
- If possible, please provide the sampling start month and sampling end month for each field, respectively, and use a numeric format (for example, 1 for January, 2 for February and so on).
- If possible, please provide the latitude and longitude of the missing locations [in decimal degrees].
- There are sites without abundance records. Please, check that such information is correct. See also the information about OBServ data processing in your ‘First read me - General report’ pdf file.
- Please check that our information about the species groups considered is correct.
- Please, check that the brief description of your methodology (in your insect\_sampling file) is correct.
