Study ID: Sarah_S_Greenleaf_Solanum_lycopersicum_USA_2001

Contact: sgreenleaf@ucdavis.edu

Credit: Sarah S. Greenleaf, Claire Kremen

Publication: 10.1016/j.biocon.2006.05.025

Number of sites: 11

Year of sampling: 2001

Crop: Solanum lycopersicum

Variety: Full information.

Location: There are missing locations (given 0 out of 11).

Country: There are no locations to check.

Field size: There are missing field sizes (given 0 out of 11).

Management: Full information.

Sampling period: Full information.

Richness: There are missing values (given 9 out of 11).

species groups considered: only bees

Abundance: There are missing values (given 9 out of 11).

Visitation rate units: visits to flowers per hour

Visitation rate: There are missing values (given 9 out of 11).

Yield units: NA

Yield: NA

Alternative yield units: NA

Alternative yield: NA

Queries
=====

Instructions: Please, edit this file and answer the following queries within the document, one by one. Then send the edited 'Summary_report_and_queries' (with your comments) and your 'Data_ownership' (excel) file to alfonso.allen.perkins+observeddataset@gmail.com before the 20th of July.

- =====
- Please check that credit information is correct and add the corresponding affiliations and acknowledgements/funding information in your 'Data_ownership' (excel) file.
 - If your study is already published, please check that its DOI is correct.
 - If possible, please provide the area of each field [in hectares].
 - If possible, please provide the latitude and longitude of the missing locations [in decimal degrees].

- There are sites without abundance records. Please, check that such information is correct. See also the information about OBServ data processing in your ‘First read me - General report’ pdf file.
- There are sites without visitation rate records. Please, check that such information is correct. See also the information about OBServ data processing in your ‘First read me - General report’ pdf file.
- There are sites without richness estimations. Please, check that such information is correct.
- Please, check that the brief description of your methodology (in your insect_sampling file) is correct.
- If possible, please, provide yield information.
