Automatic report  
=====

Study ID: Simon\_Potts\_Vicia\_faba\_UK\_2005  
Contact: s.g.potts@reading.ac.uk  
Credit: Simon Potts (University of Reading)  
Publication: 10.1016/j.agee.2009.05.001  
Number of sites: 10  
Year of sampling: 2005  
Crop: Vicia faba  
Variety: There are missing varieties (given 0 out of 10).  
Location: Full information.  
Country: All reported countries are OK.  
Field size: There are missing field sizes (given 0 out of 10).  
Management: Full information.  
Sampling period: There are missing sampling periods.  
Richness: Full information.  
species groups considered: only bees  
Abundance: Full information.  
Visitation rate units: NA  
Visitation rate: There are missing values (given 0 out of 10).  
Yield units: mean weight per plant  
Yield: Full information.  
Alternative yield units: NA  
Alternative yield: NA

Queries  
=====

Instructions: Please, edit this file and answer the following queries within the document, one by one. Then send the edited 'Summary\_report\_and\_queries' (with your comments) and your 'Data\_ownership' (excel) file to alfonso.allen.perkins+observeddataset@gmail.com before the 20th of July.

- =====
- Please check that credit information is correct and add the corresponding affiliations and acknowledgements/funding information in your 'Data\_ownership' (excel) file.
  - If your study is already published, please check that its DOI is correct.
  - If possible, please provide the names of missing crop varieties.
  - If possible, please provide the area of each field [in hectares].

- If possible, please provide the sampling start month and sampling end month for each field, respectively, and use a numeric format (for example, 1 for January, 2 for February and so on).
- There are sites without visitation rate records. Please, check that such information is correct. See also the information about OBServ data processing in your ‘First read me - General report’ pdf file.
- Please, check that the brief description of your methodology (in your insect\_sampling file) is correct.
- We found differences between this dataset (in Dainese et al., 2019) and the one from Garratt (in Kleijn et al. 2015). Please, confirm that the referred datasets are different.
